### INTRODUCTION

The interest in personal and family history has grown so rapidly that we are endeavoring to specialize in this department in our library. We now have one of the best genealogical collections in the south and to it resort daily people from all over the country diligently searching for family records and military data to enable them to secure admittance to one of the patriotic societies of our country.

Besides the genealogical material in the State Library the North Carolina Historical Commission, which is housed in the same building, has many county histories, marriage bonds, deeds, wills, etc.

The material in both departments is always available to the reseachers. However, the staff of both are too limited to permit them to engage in private researches. We are always glad to refer our patrons to some competent genealogist who will gladly do the work for them.

In the following pages you will find a complete bibliography of all general genealogy, state, county and family histories, military rosters, newspaper clippings and magazine articles.
